YOUR NEXT BUSINESS DESTINATION

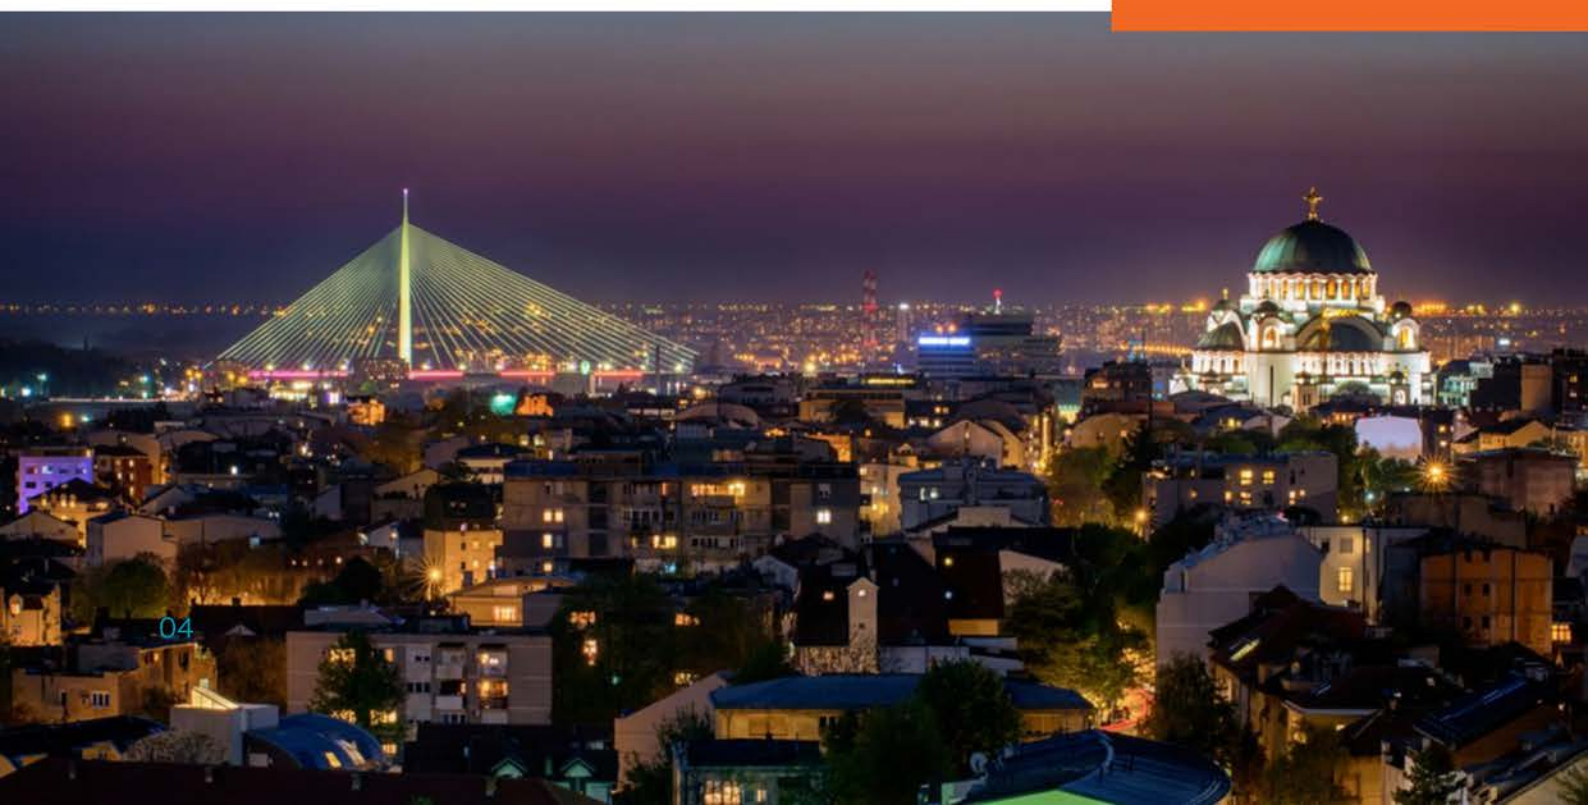

Belgrade, the capital city of Serbia, is **the largest and the most populous** city in the country, at the same time being a **bustling metropolis** that offers **unique combination of business and pleasure**. It is the capital of Serbian culture, education, science, economy, a perfect location with modern infrastructure and cultural attractions.

Belgrade is a hub for international conferences and events, offering state-of-the-art conference facilities and meeting venues.

Belgrade has an **excellent position** in the world, both weather and travel-wise. It is one of the oldest cities in Europe and since ancient times has been an important focal point for traffic. Belgrade is also an **intersection of major European roads** and railways, making it easily accessible by air, rail and road.

It is located at the confluence of the Sava and Danube rivers, and the crossroads of the Pannonian Plain and the Balkan Peninsula.

It has been regularly ranked among **the best 50 congress destinations in the world** according to the ICCA international association statistics.

WE HOST MANY IMPORTANT EVENTS

Among thousands of events organized here yearly are theatre performances, art exhibits, concerts, conferences and film festivals. Some of them are well-known all over the world.

Belgrade is one of the most promising cities for congress tourism, and is increasingly **on the top list of the best congress cities in Europe.**

- More than 850 flights every week
- Over 6.5 million passengers per year

Serbia was elected as the host country of **Specialized Expo 2027** by BIE Member States (The Bureau International des Expositions).

The specialized exhibition - Play for Humanity: Sport and Music for All, will be held in Belgrade between May 15 and August 15, 2027. Over one hundred countries are expected to take part in the Specialized Expo 2027, and it is anticipated that **more than 2.6 million people** will visit Belgrade.

The Expo area will be a new area for development with a completely new necessary supporting infrastructure.

NIKOLA TESLA AIRPORT

Belgrade International Airport "Nikola Tesla" represents one of the main gateways to/from Southeast Europe.

- **More than 1.200 flights every week**
- **Over 7.9 million passengers per year**

Southeast Europe's Leading Airport

VINCI Airports has committed itself to transform the airport into the aviation hub for Southeast Europe and supporting its growth:

- **10 million passengers per year by the end of 2023**
- **15 million by 2030**

The entire project of **modernization, reconstruction and expansion** of the airport aims to significantly improve its capacity, comfort, efficiency and user experience, in order to strengthen Belgrade Nikola Tesla Airport the position of **the leading airport in the region of Southeast Europe**.

Green Facility Features

Apart from preserving and modernizing, one of the main goals of the renovation project is to make Sava Centar **a more environmentally sustainable and energy-efficient facility**. To achieve that, several green facility features are planned, including:

Solar Panels

Sava Centar will install a large solar panel system on the roof of the building. This will **generate renewable energy** that will be used to power the facility and reduce its reliance on non-renewable sources of energy.

Energy Efficiency

Sava Centar will upgrade its heating, ventilation and air conditioning (HVAC) systems to make them more **energy-efficient**. This will **reduce the building's energy consumption and carbon footprint**.

Green Roofs

The renovation project includes the installation of green roofs on the building, which will help to reduce stormwater **runoff** and **improve the building's insulation**.

Water Efficiency

Installation of water-saving features, such as low-flow toilets and faucets will help to **reduce the water consumption** and conserve this valuable resource.
